timrogersphotography

Hello

I'm Tim Rogers, a professional school portrait photographer. Thank you for taking an interest in my work. I was a teacher for over seventeen years, working in schools across the UK and overseas. Now that I'm a professional photographer, I love going back into schools to take the pupil and class portraits.

This pack will show you the standard of my work, how I work and how I can give you great school photographs for you, your pupils and their families. You'll be able to see my photography style, find out about this year's packages and prices, as well as the ordering process and contact details.

If you have any questions or would just like to know more, please get in touch via the website or using the contact details above.

I look to meeting you and being able to take some fantastic photographs for you and your pupils.

For more information and examples of my photography please visit timrogers.media/photography or scan the QR code.

I believe that it is worth investing more time in taking a brilliant photography. I make sure that the children are relaxed, smiling and 'photograph ready'. even after the picture is taken, I make sure that it is looking its best before having it printed.

I take more than one style of picture too, as you can see in this pack. Parents have the choice of which photo or photos they want, both as a print and/or download.

Using the award winning GotPhoto online hosting site makes the ordering process really simple too. The parents purchase their photos straight from me, so you don't need to handle any money or worry about orders.

But don't just take my word for it – this is just a small flavour of what people have said about my photos.

Loved mine! They are the best we have had. My daughter doesn't normally like having her pictures done but they came out lovely.
Parent

It was a pleasure working alongside Tim. He delivered high quality pictures with positive feedback from parents. Would highly recommend.
Administrator

I wanted to email to say how impressed I was with the photographs – they were absolutely amazing.

Packages & Prices

It's very important to me to keep my prices competitive, whilst offering a range of packages and prints to suit all budgets. I try to make sure that there's something for everyone.

Parents can buy prints from as little as £5⁵⁰, through to packages from £14⁵⁰ to £45⁵⁰. Prints can come with or without mounts. If they want to, parents can also purchase a range of gifts including fridge magnets and key rings right up to canvas prints. There's also the option to download images, as single downloads or as a collection.

There's a list of my 2021 packages and prices at the back of this pack.

What do you get?

In return for allowing me into your school to take your school portraits, I will also come into school for a day to take general photographs, including an aerial image if required, of your school at work. This way you can keep your website and prospectus up to date.

Just choose a date that's convenient for both of us and I'll bring along the camera. No charge, no invoice, just great photos.

Full pose

Modern

Traditional

Whole class Composite Photo

The process is easy as 1, 2, 3...

Getting ready for the day

I generate all of the required QR codes cards. These cards will be used on the day of the photographs and for when the parents make their orders.

Day of the photographs

On the day (or earlier if necessary), I'll arrive to set up and get to work straight away. At the end of the day, the children take the QR code cards home for their parents to access and purchase the photographs

Ordering & purchasing

Parents can choose to have their photographs sent home or to your school. I also send out the photos in two batches so that those who purchase early aren't waiting too long for their photographs.

Digital orders

As well as ordering photos and gifts, parents also have the option of downloading one, some or all of the photographs.

Making the orders

All payments are done through my GotPhoto online shop, so you don't need to worry about any of the money.

Always available

I know how important it is to reply to messages, emails and phone calls quickly. If there are any issues, I'll resolve it straight away.
